

Weekly wrap up

October 9, 2020

Tortoise Update:

The tortoise fundraising is in full swing! We have almost hit our goal of \$300. Just \$50 more to go! There is still plenty of time to donate so please encourage your kids to do extra chores around the house or hold another lemonade stand. Every little bit helps.

The tortoises will be here on Monday, October 19th. The students are very excited about the new arrivals and have been hard at work learning about their care, natural habitat and brainstorming names for our new friends.

A Message From Kathy:

All the right ingredients and then some...

We have experienced, dedicated educational specialists, involved, committed families and curious, eager learners purposefully guided by the vision of what a school environment can be.

An environment that fosters social and emotional growth. One that ensures grade level competencies and expands leveled learning. A community where ideas are given wings and character development is integrated into all that we do.

A community where your partnership as your child's primary educator is valued and your ideas and feedback are always welcome.

Thank you for saying yes to the Academy, entrusting the care and education of your child(ren) to us. It is truly a privilege to touch their hearts and minds daily.
